The XR8 is the perfect choice when you need consistent results through the entire oven - front to back and top to bottom.

Our professional bakers love the unique rack slides and the internal steam function. These features make the XR8 easy to configure and ideal for bagels and artisan breads.

Consider the XR8 when you're serious about your baked goods.

"If we didn't have our XR8's, we'd be looking at about a quarter of our production. It's so nice to have an oven that's just always going to nail it. It's a workhorse and we love it!"
